SELECTION POLICY

Introduction

Sport Excel UK, in partnership with British Dressage, is developing a clear performance pathway for riders progressing towards the Virtus European and World Championships and ultimately the Virtus Global Games. Participation in the Virtus Video Championships forms a key part of this pathway.

This Selection Policy sets out how Great Britain riders and teams will be considered and selected in a fair, equitable and transparent way.

Performance Pathway and 2026/27 Consideration

For consideration in 2026 face to face Championships, the Sport Excel UK Sports Selection Committee (SSC) requires UK riders to:

- Compete in at least two Virtus Video Championships from February 2026**,** and
- Demonstrate performance improvement and progression across those competitions.

Performances at these events will form part of the selection criteria for any 2026 Virtus Para-Dressage Championships**.**

To be selected to represent Great Britain, riders must:

- Hold a current Virtus international classification, and
- Demonstrate a consistent standard of performance appropriate for international representation at the highest level.

Training, Progression and Expectations

All riders are expected to be:

- Actively training and competing at a level appropriate to their ability,
- Demonstrating ongoing progression and commitment**,** and
- Showing consistent improvement in scores and performance**.**

Where these expectations are not met, riders may not be invited to compete.

2027 Global Games

Selection for the 2027 Virtus Global Games in Egypt will amongst other matters consider, performances achieved during 2026 and 2027**.** The SSC may also take account of other performances as it deems appropriate.

Virtus Rule Change for 2026 – Performance Level Status

In line with Virtus rules:

- Any rider who has not achieved a score of 55% or above in their most recent Performance Tests entry must return to Development level**.**
- To be considered for a return to Performance level, the rider must then achieve at least two scores of 65% or higher at Development level.

Entries and Eligibility

All entries to Virtus Video Championships and any other Virtus Championships must be made through Sport Excel UK**.**

- Riders must not enter directly with Virtus, via Horse Monkey, or through Virtus staff, volunteers, or any other individuals.
- Entries submitted through unauthorised routes will not be accepted.
- Riders should follow the official Sport Excel UK entry process only**.**

n. Make sure the recorder states the riders name, horse name, test you are riding, your Virtus class and Great Britain at the start of the competition.
